ATTENTION MR CASPARINI,

I would like to tell you how pleased my husband & I am with the new gutters & fascia covers on our home.

You have transformed our tired Californian bungalow into a "gem" & we are still getting compliments from our neighbours & friends. We are very happy!

Because you did a similar job on my mother's house, I had every confidence in using you for our work & will definitely recommend you to our friends & neighbours.

Thank you again
Sue
